MISSION STATEMENT

Feeding our Community through our Partnerships

HISTORY

“SHGV began as Good Samaritan Community Services in 1976 by administering State Brown Bag and Title III-B programs for low-income senior citizens in San Joaquin County. Good Samaritan began to collect more food than it needed and began providing supplemental groceries to other nonprofit charities with food operations.

In May of 1995, the food bank joined a national coalition of food banks known as America’s Second Harvest, now known as Feeding America. Joining this national coalition provided the opportunity to receive donations on a large corporate level and allowed for growth and expansion. In 1996 the food bank completed its separation from Good Samaritan and established its own non-profit entity as the San Joaquin Food Bank.

In 2001 San Joaquin Food Bank merged with the Modesto-Riverbank-Stanislaus County Food Bank to form Second Harvest Food Bank of San Joaquin and Stanislaus Counties (SHFB). The merging of these two entities allowed for a more effective and increased distribution of food to those in need. Several years later, through Feeding America governance, SHFB was designated as the regulatory and compliance food bank to represent an 8-county territory that includes San Joaquin, Stanislaus, Merced, Amador, Alpine, Calaveras, Mariposa and Tuolumne. The Feeding America designated territory SHFB provides compliance is served in cooperation with four other independent food banks affiliated with the Feeding America Network. These food banks include Merced County Food Bank (<https://mmcfb.org/>), ATCAA Food Bank (<https://www.atcaa.org/food-bank>), The Resource Connection Food Bank (<https://trcac.org/the-food-bank/>), and Amador Interfaith Food Bank (<https://www.feedamador.org/site/pages/home.cgi>)

With representation of this 8 county region in January of 2021, SHFB officially became Second Harvest of the Greater Valley (SHGV). Today SHGV continues its mission of fighting hunger with these partner food banks by distributing over 25 million pounds of food to over 500,000 individuals through sustaining and growing its vital programs.

SERVICE AREAS AND PROGRAMS

Food Assistance

The Food Assistance Program interacts with non-profit charities that have a food pantry of their own. Each non-profit agency visits the food bank to select packaged groceries, canned fruits and vegetables, cereals, breads, dairy products, meats, and fresh fruits and vegetables. Through the Food Assistance Program, Second Harvest can collect, store, and distribute a large quantity and diversity of food products, in turn we are able to make these groceries available to local non-profit charities.

Fresh Food 4 Kids

The Fresh Food 4 Kids program provides food access to children and their families in high need areas. The program distributes groceries twice a month through an efficient distribution method set up in front of the school. This new method accommodates social distancing guidelines and modified schedules as needed. The program can be ran through the whole year, including the summer months.

School Pantry

Second Harvest of the Greater Valley has developed an onsite School Pantry option to provide supplemental items. The school site provides a space to store and display food items. This space could be as small as a storage closet to as big as a room. Some sites have only a closet with a few shelves, and others have a room with refrigeration. The school staff and volunteers are responsible for running the pantry, setting hours, setting distribution limits, record keeping, submitting simple monthly reports, yearly surveys, and food order requests.

Programs are flexible; school sites can decide to have one Program or the other, or both. We are excited for this new adventure and for a growing partnership.

Senior Brown Bag

Since 1976, the Senior Brown Bag program has been delivering bags of nutritious supplemental groceries to at risk senior citizens throughout San Joaquin County. Many seniors are on a limited income, often left with making cuts in vital needs including healthy foods. The reduction in diet often leads to increased health issues and a rise in medical costs. To promote healthy living, twice a month the bags are filled with 15-18 pounds of supplemental groceries including 7-9 pounds of fresh fruits and vegetables. Seniors sign up for this program at specific locations close to their homes so that it is easier for them to receive the food bags. Deliveries to homebound seniors is also offered through this program.

Mobile Fresh

Mobile Fresh, provides 20-40 pounds of produce and assorted groceries to individuals, families, and

seniors that are experiencing barriers to access. The Mobile Fresh Program sets up at a partner site and distributes bags up to 300 participants in need in an hour. During the distribution participants are greeted by friendly volunteers and staff. Currently, our Mobile Fresh trucks are out in San Joaquin and Stanislaus County almost every day.

Farm to Family

Second Harvest Food Bank participates in the Farm to Family Program to provide the individuals and families we serve with access to fresh produce. Many times, receiving food assistance means sacrificing nutrition due to the distribution of shelf stable or non-perishable items that do not contain the same nutrition value as fresh foods. The Farm to Family Program was developed by the California Association of Food Banks to help fill this nutritional void, forming partnerships between local growers and Food Banks across California. Through these partnerships Food Banks have access to over 115 million pounds of fresh quality produce at reasonable costs. Second Harvest's participation in this program has given us a nutritional foundation which is vital to the families, seniors, and youth.

FEEDING AMERICA'S NETWORK OF FOOD BANKS

Feeding America provides low-income individuals and families with the fuel to survive and even thrive. As the nation's leading domestic hunger-relief charity, our network members supply food to 46.5 million American's each year, including nearly 12 million children and 6million seniors. Serving the entire United States, more than 200-member food banks support more than 61,000 agencies that address hunger in all its form. For more information on how you can fight hunger in your community and across the country, visit www.feedingamerica.org

AUTHORIZED SHOPPERS

Authorized Shopper Policy

The Authorized Shopper policy ensures that only designated agency representatives can spend funds on an agency's account.

- Each Food Bank member agency may designate up to 4 agency representatives who are authorized to utilize the online shopping platform, and/or pick up at the Food Bank warehouse.
- Agency representatives who are not listed as authorized shoppers will not be able to pick up product from the warehouse.
- Your agency is responsible for any charges made to your account.

Changing Authorized Shoppers

Your agency must complete and submit an "Agency Change of Information" form to add or remove authorized shoppers on your agency's account.

Note: Before a new shopper can shop for your agency, the "Agency Change of Information" form must be on file and the new shopper must have received, read, and signed a "Partner Agency Handbook" Acknowledgement Agreement.

Only the agency's primary contact, executive director, president, or pastor may make changes to the list of "shoppers" or billing address.

- Your written request needs to:
- List the full name of each shopper that should be added.
- List the full name of the shopper that should be deleted.
- Provide a photocopy of new shoppers' drivers' license.
- Must be signed by the director of the agency as listed on the Food Bank account.
- Must be submitted via mail, email, fax, or brought to Food Bank.

HANDLING FEES

Second Harvest receives the majority of its food through Feeding America and local donors. The food is donated, and we pay the freight charges to transport it to Manteca. To offset some of the transportation

expenses, Second Harvest can assess a handling fee. This fee will never be more than \$0.19 a pound.

WAREHOUSE SAFETY

In an effort to make Second Harvest a safe and efficient workplace, we have developed the following safety rules. All employees, agency partners, volunteers and visitors should follow these safety rules. We ask that you notify a food bank staff person immediately if you see a potential safety hazard.

- An **authorized shopper** 18 years old or older must be present to shop.
- Each agency may have **one authorized shopper** and **one additional person** present at a shopping appointment.
- Cancellation of pick-up appointments must be made 24 hours prior to pick up. If appointments are not cancelled within the allotted time frame, a \$75.00 restocking fee may apply.
- Every shopping appointment is **30 minutes** long for pick up appointments. Agencies that are more than **15 minutes late** to pick up an order will be asked to reschedule their appointment.
- Agency shoppers must stay within the designated shopping area. Shoppers may not go into warehouse.
- There is **No Smoking, Eating, or Drinking** inside the warehouse.
- **No open toed shoes**, such as sandals, are allowed in the warehouse shopping area.
- For safety reasons, **no cell phone use** while inside the warehouse.
- All Agency shoppers **MUST** check in when they arrive for their appointment.

RECORD KEEPING AND REPORTING

RECORDING

At a minimum, partner agencies are required to keep all invoices, temp logs, record of pounds distributed, and the number of people served. Second Harvest has no intention of asking for your clients' contact information, but we may ask **YOU** to contact them in the event of a food recall.

REPORTING

The information we request is outlined in the Monthly Reporting Form. We require this information for our mutual benefit. Knowing who we serve collectively helps us learn how to improve our services, both at the food bank and at individual agencies. This data is also a powerful tool for educating donors, policymakers, and the general public about hunger in San Joaquin, Stanislaus, and the Mother Lode Counties. When we can demonstrate the need for services, we can more effectively ask for support.

The Monthly Reporting Form includes the number of people you serve each month. In the case of food pantries and meals, the reports should include number of people served. Reports are due at the beginning of each month. We will provide you a grace period until the 10th of each month to send in your monthly reports. Please complete the monthly reporting form completely. Please double check your entries, all entries must match. We cannot accept your entries over the phone. You can find the form on our website at <https://www.localfoodbank.org/agency-reporting.html>.

If you have problems completing the form, please contact the Agency Coordinator prior to the due date.

FOOD SAFETY

FOOD SAFETY TRAINING

Member agencies must implement proper food handling measures to ensure that product being distributed is safe.

All agencies will need to go through a food handling certification every few years. Please contact Second Harvest for information.

DAMAGED PRODUCT

The Second Harvest is committed to providing your agency and its clients with safe food. We inspect our inventory as it arrives and while in the warehouse. Each agency should inspect their order before leaving the food bank. In the event of any problem with your products, please contact the agency coordinator. If items are damaged, you will be asked to provide photos.

“IS THIS FOOD EXPIRED”?

Many food products are edible and palatable beyond the sell-by date listed on the package. While manufacturers’ policies dictate removing these foods from retail outlets, we can utilize these items at the food bank. Appendix A includes a list of guidelines for how long products stay fresh after their “sell-by” dates. Agencies should use these guidelines to determine how long to keep a product and to evaluate food donations received directly to the agency. Feeding America and Second Harvest work actively with food industry representatives to ensure the quality of donated product.

AGENCY ACCOUNT POLICY

BILLING & INVOICING

After an agency picks up their order, they will receive an invoice listing the items received and any handling fees due. We accept payment in the form of a pre-printed agency check. We do not accept cash, credit card payments or personal checks.

PENALTIES FOR LATE OR MISSED PAYMENTS AND RETURNED CHECKS

Our Agency Agreement, which each agency signs as part of the application process, states that all account balances must be paid within 30 days of the statement date. To help all our agency partners, assist the most people, we must insist on compliance with this guideline.

- When an agency's balance is past due (more than 30 days after the statement date), we will send you a friendly reminder to keep your account current and a 15-day payment extension in good faith.
- If the account balance reaches 60 days or more past due, the agency will be put on product hold until the account is brought current. If payments are repeatedly late or missed, the agency will be put on product hold, or required to place a credit onto the account.
- Continued problems of this nature may result in cancellation of your membership with Second Harvest, as determined by the discretion of Second Harvest Management.

Second Harvest charges a fee of \$10.00 for any checks returned by the bank for insufficient funds, plus any bank fees incurred.

Please keep in mind that Second Harvest reserves the right to refuse service to any agency that has repeated late, missed, or returned check payments.

CHANGES IN AGENCY STATUS

AGENCY CHANGE OF INFORMATION FORM

Please let us know of changes in personnel, contact information, location, shoppers, or programming as soon as possible. New personnel that will shop at the Food Bank need to read, acknowledge, sign, and return a copy of the "Partner Agency Handbook Agreement" prior to being able to shop. Changes in the agency's location and/or programming will require a new site visit.

The Agency Change of Information Form must be used to report changes. This form may be submitted by mail, hand delivery, fax, or e-mail to the Agency Coordinator.

INACTIVE AGENCIES

If an agency has not picked up food for **3** months, it will be considered inactive. If the agency wishes to be reactivated, the agency must complete the application process again. The process includes filling out a new application, paying a **\$100.00** reassessment fee and having a site visit with Food Bank staff. Please keep in mind, that reapplying is **NOT** a guarantee that your agency account will be reactivated.

CONDITIONS FOR CANCELING AGENCY PARTNERSHIP

Second Harvest strives to maintain cordial and trusting relationships with all of its partners. Any concerns regarding this relationship should be addressed to Second Harvest Management.

In the unlikely event of a violation against any of the policies and procedures in this manual, Second Harvest has the right to immediately suspend food distribution to the agency in violation. The agency will be notified of this event as soon as possible by telephone, followed by a letter. The Agency Coordinator shall review the case and make a recommendation to the CEO regarding permanent termination of privileges. In the event an agency feels that they were wrongfully terminated they may submit a grievance to the CEO.

The purpose of this probationary period is to place an Agency on notice to bring their program into compliance, or face suspension. During the probationary period, the agency retains all the rights and privileges of its membership. If the violation is not rectified by the end of the probationary period, Second Harvest Management has authority to extend the probationary period or to recommend suspension of the Agency. The Agency's probationary status terminates when the Agency rectifies the violation to the satisfaction of the Second Harvest Administration.

A member agency may be suspended without first being placed on probation if it is found to have one or more violations. A member agency also may be placed on suspension if probation violations are not rectified by the end of the probationary period or if another violation has emerged during the same probationary period. Finally, a member agency will be suspended if placed on probation more than twice during any twelve-month period. Suspension notifications will be in writing.

Upon suspension, an agency loses its rights and privileges of membership including access to donated product. The agency's suspension terminates when the Agency rectifies the violation(s) to the satisfaction of the Second Harvest Management. This may include a monitoring visit from a Food Bank representative prior to any reinstatement decision. The final decision regarding reinstatement will be that of the Second Harvest Management.

2. Changes to Feeding America, and or Food Bank policy eliminate the eligibility of the Agency.
3. Second Harvest reserves the right to terminate or suspend the agency contract with or without cause at any given time.

Place your concerns in writing and send to the Agency Coordinator and/or the CEO: Second Harvest of the Greater Valley 1220 Vanderbilt Cir. Manteca, CA. 95337. Appeals will be heard by the CEO and members of the Management Team. The final decision will be decided by the CEO after all information has been received and evaluated by the grievance committee.

AGENCY FOOD HANDLING AND STORAGE GUIDELINES

GENERAL STORAGE SUGGESTIONS

Food storage areas must provide protection from weather, fire, theft, and pests. Aisles between pallets must be wide enough to provide easy access for inspection, inventory and pulling of product. Those practices include, but are not limited to:

TO AVOID HIGH TEMPERATURES AT CEILING
- **STORE NON-FOOD ITEMS SEPARATELY**
TOXIC ITEMS (I.E. CLEANING AND MAINTENANCE SUPPLIES) MUST BE KEPT AWAY FROM FOOD, 4-6 FT RECOMMENDED
- **CLEAN FLOORS, PALLETS AND SHELVING REGULARLY**
ALL AREAS SHOULD BE SWEEPED REGULARLY AND MOPPED AT LEAST ONCE A MONTH
CLEAN SPILLS IMMEDIATELY SANITIZE PALLETS AND SHELVING REGULARLY
- **KEEP DOORS, WINDOWS, AND ROOFS WELL SEALED**
TO PREVENT PEST ENTRY AND WATER DAMAGE
- **MAINTAIN A PEST CONTROL SYSTEM**
HAVE A CONTRACT WITH A LICENSED PEST CONTROL FIRM

TYPES OF STORAGE

DRY FOOD STORAGE - Dry or canned goods must be stored as outlined previously and:

- In a cool area
- Away from direct sunlight
- Throw away any cans without labels or severely dented cans.

COLD FOOD STORAGE - Product requiring refrigeration or freezing must be kept as outlined above and:

- In a refrigeration unit kept at 35 to 40 degrees Fahrenheit
- In a freezer unit kept at or below 0 degrees Fahrenheit
- With space to allow for good air circulation
- In a clean and well-maintained unit

STACKING PRODUCT - Basic Rules for Stacking Product are:

- Limit the height of the stack to protect food on the bottom layers from being crushed
- Stack cases on pallets at 90-degree angles to each other (also known as “cross-stacking”) to ensure the stack will be sturdy and solid to avoid tipping when moved
- Discard any cans too damaged to stack

STOCK ROTATION

To help assure the quality and freshness, agencies must use the First In – First Out (FIFO) practice. Food must be stored and distributed so that cases with the oldest received date are used first. It is a good idea to date each case of product as it comes in to easily identify which product should be used first.
